The Volvo V70 range at a glance.

ES

The ES aims to spoil. Its interior boasts supportive seats with Sundby Textile/T-Tec upholstery, electronic climate control and aluminium trim. Then there's the 6 speaker performance audio system with 80W output and features such as cruise control and an information centre. On the outside, 16" alloy wheels, colour co-ordinated front spoiler and chrome window trim make sure your presence doesn't go unnoticed.

SE

The SE model brings added luxury with leather-faced upholstery, then there's the 8 speaker high performance audio system with 160W output and features such as automatic rain sensor, autodimming rear view mirror and Bluetooth® handsfree system. On the outside, 17" Balder alloy wheels and power operated tailgate enhance the exterior style.

SE LUX

The SE Lux model is the ultimate word in luxury, with power driver seat and power folding rear headrests further enhancing the interior. Integrated satellite navigation system, active bending xenon lights, headlight cleaning and rear park assist offer both style and protection.

R-DESIGN

The R-DESIGN model combines the luxury features of the ES, with sports styling and handling enhancements. Unique power steering system and 18" Cratus alloy wheels together with the unique R-DESIGN chassis upgrade the handling characteristics. Visual presence is further enhanced with unique rear exhaust pipes, R-DESIGN leather-faced upholstery, front sports seats with side support, R-DESIGN leather steering wheel and unique aluminium interior trim.

DRIVE

DRIVE means making a change for the better without compromise. The exterior styling is unmistakably Volvo, with strong curves and sleek lines - yet DRIVE enhancements like the lowered chassis add distinctive finishing touches. And these changes aren't just for show - they contribute to CO₂ emissions of just 119 g/km and fuel economy of up to 62.8 mpg.

On the road.

How much will it cost to get behind the wheel of your own Volvo V70? Simply decide which model variant and engine type are right for you and then take a look at the full price list.

All 'On The Road' prices quoted in this price list include Volvo standard national delivery charge, inclusive of number plates and VAT at £535 and vehicle tax as of 1st April 2010 (as set by the government). This charge does not include any provision for fuel. The 'On The Road' price also includes a £55 vehicle first registration fee (as set by the government - excludes Channel Islands and Isle of Man). Recommended retail prices quoted do not include these additions.

Standard features. The right equipment.

It's essential that your Volvo comes equipped with everything you need. Below you'll find the standard equipment lists for each model variant and as you'd expect, there is an array of industry-leading, cutting-edge safety innovations.

INSURANCE RATINGS	Insurance ratings may vary depending on model line and specification. For details, please refer to http://www.thatcham.org/abigrouprating
-------------------	--

- (i) For best performance and lowest fuel consumption 98 RON is recommended, 95 RON can be used for normal driving.
- (ii) The results do not express or imply any guarantee of the fuel consumption of a particular car.
- (iii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.
- (v) All diesel models are fitted with a particulate filter.

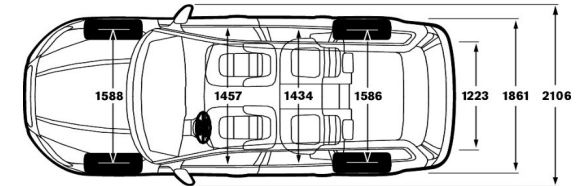

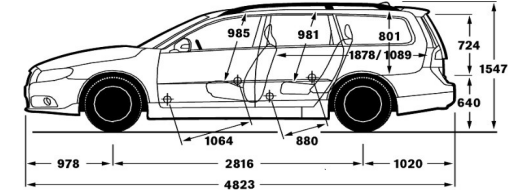

Notes
The weight of the vehicle will influence the level of CO₂ emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, vehicle tax is paid according to the weight and CO₂ emissions of the standard vehicle, as published in this price list.

A weighbridge must be used to determine specific weights. Data valid for manual transmission unless specified.

Auto = Geartronic Automatic Transmission

The maximum power output figures are quoted in PS (Pferdestärke), which is the metric equivalent of brake horsepower.

Some of the information in this price list may not be correct due to product changes which may have occurred since it was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, to prices, colour, materials, specifications and models. Volvo Car UK Limited, Globe Park, Marlow, Buckinghamshire, SL7 1YQ.
